### Overview

As an experienced employment lawyer with a concentration in Federal and State Occupational Safety and Health law, Alka Ramchandani-Raj assists employers with a wide range of complex situations with the workforce.

Focusing on workplace safety and health, Alka assists employers with pre-injury/illness preventative practices, including site inspections and policy development. Alka also assists employers who have experienced workplace injuries and accidents or are subject to a Federal or state OSHA inspection. She has experience managing catastrophic workplace accidents or fatalities. Alka regularly represents employers in Occupational Safety and Health appeals, settlement conferences, and hearings. She also has broad experience assisting employers with workplace violence issues including obtaining temporary and permanent restraining orders to ensure the workplace is safe for employees. Alka also regularly attends advisory committee meetings as part of Littler's Workplace Policy Institute and submits comments to proposed regulations. She is a core member of the firm's Occupational Safety and Health and Workplace Violence practice groups, and a leading member of Littler's OSHA Woman's Group.

She also has extensive experience with general employment advice and counsel and litigation matters relating to terminations, retaliation, whistleblowers complaints, discrimination, harassment, ADA accessibility and state agency complaint defense.

Alka is a popular speaker on OSHA and employment related legal issues and she regularly provides training sessions for clients and professional organizations on various topics, including:

- Federal and California Occupational Safety and Health compliance and training
- Managing performance in the workforce
- California Leave and Wage and hour compliance
- Harassment prevention
- Workplace investigations
- Workplace Violence Prevention

Alka is a member of the firm's Robotic, Artificial Intelligence and Automation practice group, which is focused on providing representation and compliance assistance to employers in the robotic industry and employers integrating automation, AI, telepresence and robotics into their workplace.
