Overview

Dr. Sabine Vianden focuses on constitution law, antidiscrimination law and advising international clients, especially U.S. companies doing business in Germany. She brings her penchant for foreign languages and other work cultures to bear. In her solution-oriented and practical advice, Sabine attaches great importance to open communication. For her clients, she does not want to be just a service provider, but works as part of the team for the common cause. She achieved the second state law examination at the Cologne Higher Regional Court in 2021.

Previously, Sabine was a research assistant at the Rheinische Friedrich-Wilhelms-University in Bonn from 2016 to 2019.
