Overview

Kamilla Marthinsen works with employment and labour law and general business law.

During her studies, she worked with employment and labour law issues in several law firms. She has also studied English employment and labour law as part of her exchange stay at the University of Glasgow.

Kamilla wrote her master's thesis on income taxation of synthetic shares and options in employment. Through this work, she has built up experience in the design of incentive schemes.

Education

Master's degree in law, University of Oslo, 2024

Bar Admissions

Norway
